

Alex Chen

Senior Data Engineer | alex.chen@example.com | San Francisco, CA

PROFESSIONAL SUMMARY

Senior Data Engineer with 5+ years of experience architecting petabyte-scale distributed data pipelines, lakehouse architectures, and real-time streaming infrastructure. Proficient in Python, SQL, Apache Spark, PySpark, Google Cloud BigQuery, and Airflow workflow orchestration.

TECHNICAL SKILLS & COMPETENCIES

Languages & Big Data: Python, SQL, Apache Spark, PySpark, Scala, Apache Kafka, Apache Flink

Cloud & Warehousing: Google Cloud Platform (GCP), BigQuery, Snowflake, Amazon Redshift, AWS S3

Orchestration & DevOps: Apache Airflow, Docker, Kubernetes, Terraform, Git, CI/CD, dbt

Data Modeling: Star Schema, Dimensional Modeling, Lakehouse Architecture, Real-Time ETL

WORK EXPERIENCE

Senior Data Platform Engineer — CloudData Corp (2022 - Present)

- Architected and deployed streaming ETL pipelines using PySpark and Kafka, ingesting 250M+ events daily into Google Cloud BigQuery with 99.99% uptime.
- Orchestrated 50+ critical production DAGs using Apache Airflow, reducing data processing latency by 45%.
- Built dimensional data warehouse marts using dbt, SQL, and BigQuery, serving executive business intelligence dashboards.

Data Engineer — Nexus Systems (2020 - 2022)

- Built automated data ingestion pipelines using Python, SQL, and PostgreSQL for financial analytics.
- Containerized batch processing microservices using Docker and deployed on Kubernetes clusters.

FEATURED PROJECTS

Real-Time Lakehouse Streaming Ingestion Engine | Tech: Python, PySpark, Apache Spark, BigQuery, Docker, Git

- Built an automated real-time stream processing engine capturing clickstream telemetry into BigQuery with sub-minute query latency.

Enterprise Data Pipeline & Airflow Orchestrator | Tech: Python, Apache Airflow, SQL, PostgreSQL, Docker, GCP

- Designed reusable Airflow DAG architectures and ETL data validation frameworks reducing pipeline failure rates by 60%.

EDUCATION & CERTIFICATIONS

- B.S. in Computer Science — University of California, Berkeley
- Google Cloud Certified Professional Data Engineer (GCP PDE)
